

# Rebuilding young lives

Get involved in The **Bridge** Project and help change the life of a disadvantaged young person

The **Bridge Project** is an exciting YMCA led community initiative specifically designed to break the cycle of re-offending. It offers opportunities for young people leaving custody to take part in 'tailored training' and meaningful employment, whilst being supported and mentored by the YMCA.

Our primary need is for businesses able to provide work placement opportunities, but there are other ways for business and individuals to get involved and support the project.

I/we would like to support **The Bridge Project** in the following way(s):

\$5000 to Sponsor an 16 week Work Placement

\$500 to Sponsor a 'Getting Started Pack' *(if you would like to sponsor more than one pack please write the number in the box)*

\$400 to Get a Young Person Mobile *(driving lessons and the cost of obtaining a driver's license)*

A donation of \$ \_\_\_\_\_
